Michael R. Mallonee

This is the last article I will write for this space as your Grand President. During the past four years and 16 issues, I have attempted to inform, to educate, and to persuade. I hope that, to some extent, I have succeeded. For now, I will be content with sharing some of my thoughts about the last few years.

AUGUST, 1979. First elected Grand President at Grand Chapter Congress in Atlanta. The new guy in charge has visions of power, glory and travel to far-away places. This soon turns to upset stomachs, sleepless nights and Milledgeville, Georgia. Biggest challenge facing the fraternity: finances.

DECEMBER, 1979. The fraternity initiates its 100,000th member. Every one of them calls at midnight to say the regalia trunk is late.

JUNE, 1980. Fraternity shows net income of \$71,000.00 for fiscal 1980. This is a temporary condition which partially allowed us to pay off deficits from prior years.

MAY, 1981. New Executive Director and Assistant Executive Director named. Panic sets in with three months to go until Grand Chapter Congress.

AUGUST, 1981. PATCO strike, recession, re-elected Grand President. Grand Chapter Congress is smoothest ever. Biggest challenge facing the fraternity: mental hazing.

NOVEMBER, 1981. Our 200th chapter installed in Springfield, Missouri. Rapidly running out of Greek letters. Also starting to run out of steam. First noticed gray hair in my beard.

FEBRUARY, 1982. Executive Committee recommends that 19 chapters be placed on

probation; Grand President regretfully accepts recommendation, immediately books flight for the Falkland Islands.

JUNE, 1982. The DELTA-SIG wins top honors at annual meeting of College Fraternity Editors Association.

JUNE, 1982. Computer system installed at The Central Office. Loss of CEI points can now be blamed on a machine.

NOVEMBER, 1982. Diamond Anniversary celebrated by 300 in Cincinnati and Oxford. Our Four Founders would have been proud. We've come a long way, baby!

JANUARY, 1983. Grand President discovers birth certificate. Finds out he is really 83 years old, should be in a rest home. Goes back to bed.

APRIL, 1983. Multi-million dollar fund raising campaign launched by fraternity and Educational Foundation. More grants, scholarships, leadership seminars planned for the future.

MAY, 1983. My last article. Biggest challenge facing the fraternity: finances. This is where I came in. Thanks for the opportunity—and thanks for the memories.

See you in Denver!

DYNAMIC Denver Convention '83

For the 34th time in its history of over 75 years, the fraternal family of Delta Sigma Pi will gather during August 14-18, 1983 for the Grand Chapter Congress. This 34th edition of the meeting of The Grand Chapter of the fraternity promises to be one of its best with an offering of a dozen collegiate leadership seminars, several interesting and exciting tour options and the election of national leaders of the fraternity including Provincial Vice Presidents, four newly created positions on the Board of Directors.

For the first time since 1953, the picturesque city of Denver will serve as convention site. The Den-

ver Marriott Hotel Southeast, 15 miles southeast of downtown Denver, will be the location of the event of the biennium. In this issue are a summary of the convention program, an advance registration form and information on costs.

As conventioners arrive on Sunday, August 14, 1983, they will check into the quad-towered Marriott. With its Western motif, the Marriott is a relaxing, casual hotel with the Rockies serving as a backdrop on the West side. Neatly appointed rooms, attentive service, free parking and outdoor and indoor pools are features of the hotel making it an enjoyable and reasonably

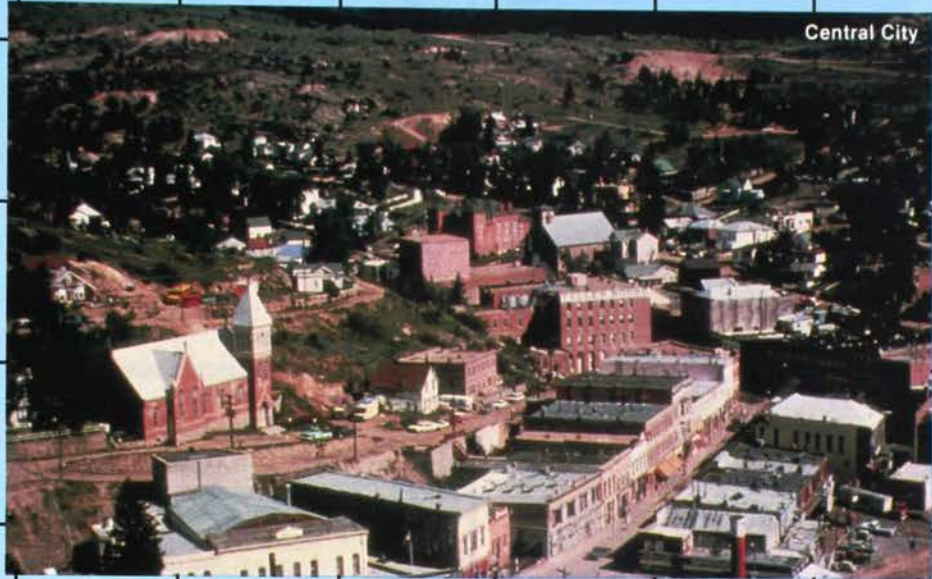

priced convention center.

Within the Marriott, several food and entertainment options can be found. The Chaparral Restaurant offers candlelight dining in a casual atmosphere and serves a variety of beef and seafood specialties. On the more informal side, the Fairfield Inn offers breakfast, lunch and dinner. For quiet cocktails with a spectacular view of the Rockies is the Lobby Tavern and, for after-dinner dancing, there's the King's Wharf Lounge. Nearby the hotel are a variety of dining and entertainment facilities.

CONVENTION PROGRAM

A summary of the Official Convention Program appears in this issue. The 34th Grand Chapter Congress officially opens on August 14 with Registration opening at 10:00 A.M. and continuing until 5:00 P.M. Convention attendees will want to arrive during this time period in order to pick up convention registration materials, relax before the evening events and check into their hotel rooms after 3:00 P.M. At 6:00 P.M., the Grand President's Reception will give everyone the chance to meet the members of the Board of Directors, The Central Office Staff and other convention attendees. The Dance at 9:00 P.M. in the Grand Ballroom will provide a very entertaining evening of live entertainment.

The business of the convention begins on Monday at 9:00 A.M. with the Opening Business Session. Setting the tone for the convention will be the Keynote Address presented by Joe Batten, renowned motivational speaker and an honorary member of Delta Sigma Pi. The Opening Business Session will also include a State of the Fraternity Address by the Grand President, the report of the Committee on Nominations and other reports and opening business. At noon, the Awards Luncheon will recognize the Honor Roll Chapters, the Most Outstanding Chapter, the Most Improved Chapter, the collegiate and alumni chapters with the most outstanding program of community service and will include other special awards and recognitions.

Educational Seminars will be conducted for both collegiate and alumni members and for national officers on both Monday and Tuesday, August 15 and 16. A wide variety of seminars will be available. Early registrants will have the best selection of seminar options and will be pre-registered for their seminars on The Central Office computer system. While collegiate members and national officers meet, Tuesday afternoon will be free for alumni after the conclusion of the Delta Sigma Pi Educational Foundation Meeting and the alumni seminar on Tuesday morning. Alumni members may choose to participate in a bus trip to Colorado Springs and the Flying W Ranch. Tuesday evening is free for all participants to enjoy Denver; however, an optional Deltasig bus trip to the Flying W Ranch near Colorado Springs for a Chuckwagon Dinner and an evening of Western entertainment is available.

On Wednesday, August 17, the Legislative Business Session will be held and, after lunch, will be followed by the Meet the Candidates Forum for meeting the nominees for all of the positions on the Board of Directors to be elected. The inspirational and moving initiation of the National Honorary Member will be held later on Wednesday afternoon. On Wednesday evening, the Grand Ballroom will be the site of the highlight of the convention, the elegant Grand Chapter Congress Banquet with an address by the newly-initiated National Honorary Member.

The Election Session of the convention will commence on the morning of Thursday, August 18. National Officers for the 1983-85 biennium including the Grand President, the Director of Alumni Activities, the Provincial Vice Presidents and the Regional Directors will be elected. The new Board of Directors will be installed and the newly elected Grand President will conclude the business of the 34th Grand Chapter Congress.

ALUMNI COMMENTARY

Richard J. Parnitzke

Graduation, a time of joy for some and for others joy tempered with a little sadness. Joy derived from having completed the long and sometimes arduous journey that has led to graduation. Sadness brought on by leaving behind friendships that have developed and have been nurtured by common professional and fraternal bonds.

For students, graduation is not the end of the line, it is a beginning, a new beginning directed toward making your own professional mark in life. Through your years at an institution for higher education and with your total educational experience, both academic and fraternal, you have gained the confidence and ability to be creative and develop ideas, make decisions, deal with other individuals from various backgrounds and, most significantly, to translate theory into practice.

Alumni, as practicing professionals in business today, have a vested interest in the professionals of tomorrow. We, as alumni and professionals, have a responsibility to communicate what we have learned through experience, so future leaders will

have an opportunity to learn from our experience.

How easy it is to start down the path of employment, becoming ever more self absorbed in our new positions and the day to day activities associated with same. It may not be easy to recognize the fact that we may be neglecting those who are still in the formative stage of their career, the leaders of tomorrow, the student professionals of today. Our commitment to tomorrow must span all phases of our professional career of today.

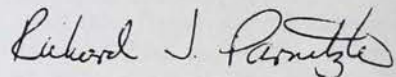

One way to emphasize our commitment to professionalism is to be active in a Delta Sigma Pi alumni chapter. If a chapter does not exist in your immediate area, then by all means consider starting one. The important point is to remain active in our professional fraternity after graduation. In this way, alumni can retain the professional and fraternal bonds that have bound all of us together. Active participation in an alumni chapter will provide an excellent opportunity to establish new friendships, strengthen existing relationships and furnish an appropriate stage from which alumni can interact with student professionals.

As the Director of Alumni Activities, I extend to all of our new alumni a sincere congratulations, a greeting and a warm hand of welcome to the alumni world. Each and everyone of you is an important addition to our alumni program. Your active participation in alumni activities is important for the current and future success of our fraternity's alumni program. You, the new alumni, are now practicing professionals in the business community and the future leaders of Delta Sigma Pi.

The responsibilities associated with being a professional are immense, but the rewards are beyond imagination.

Welcome graduates! All of your alumni Brothers are proud to have you amongst us.

Fraternally,

Richard J. Parnitzke
Director of Alumni Activities

BUFFALO

The Buffalo Alumni Chapter concluded 1982 with a well rounded and enjoyable meeting on December 10. The meeting was held on the newly developed Amherst Campus of the State University of New York at Buffalo. The evening began with a cocktail hour and dinner. Immediately following the dinner, the chapter was provided with an enlightening presentation by an executive from Buffalo Savings Bank. As the evening progressed, the alumni chapter shared a meeting with the Alpha Kappa Chapter, which featured an address by Dick Parntzke, Director of Alumni Activities. Subsequently, the alumni chapter reconvened to discuss the chapter's future intentions which include bar parties, an awards banquet, recruitment parties and the upcoming Grand Chapter Congress. As we look forward to further gatherings in the coming year, the Buffalo Alumni Chapter would like to thank Brother Tim Abbott for a well planned and stimulating evening.

CHICAGO

As we approach the final weeks of our fiscal year 1982-83, we would like to look back on some of our recent functions. On March 26 we had our Annual Undergraduate Day which was highlighted by a bowling tournament, followed by a buffet dinner. On April 31 we enjoyed a medieval feast at the ever-popular King's Manor. Also, we still have our annual golf outing to look forward to on June 2.

All chapter members receive fliers containing complete details of all functions, however, any Deltasigs in the area who would be interested in attending any of our functions are invited to drop us a line. We will gladly forward information about the Chicago Alumni Chapter. The address is: P.O. Box 11314, Chicago, Illinois 60611-0314.

The 1983 Grand Chapter Congress will be held in Denver this August. Plan now to attend as we would like to see a large contingent from Chicago present at the Congress.

CINCINNATI

The Cincinnati Alumni Chapter didn't let the cold of winter get them down!

February 18 found us at Latonia Race Track, winning and losing money. In March we, along with Alpha Theta Chapter, went bowling. It gave us a chance to have some fun and meet our collegiate Brothers at the same time.

On April 29 we held our Senior Round-Up. We showed the collegiates there is life as a Deltasig after graduation! Hopefully, many of them got the message and will join the chapter and their Brothers at future functions.

May is our annual election month. This is the time to re-evaluate ourselves and our Brothers and choose our officers for the coming year.

MINNEAPOLIS-ST. PAUL -TWIN CITIES

A resurgence of activity, interest and Brotherhood is currently being enjoyed by the Minneapolis-St. Paul-Twin Cities Alumni Chapter. Under the leadership of President Randy Walker, approximately thirty Brothers have taken part in varying events, and future plans involve a broadening of chapter activities.

Our pot-luck supper and Easter trip to Fort Walton Beach were equally successful. In March we again saw a huge turnout for our basketball tournament.

SHEPHERDSTOWN

It is with deep regret and sadness that the Shepherdstown Alumni Chapter must announce the death of Brother John L. McCracken, our chapter correspondent. With John in mind we continue to push on and strive for the success which he helped to create. Our recent agenda has included such things as: short and long term plans for the Epsilon Kappa Chapter fraternity house; an upcoming alumni retreat weekend to be held May 13-15 at the Wood's Resort near Hedgesville, West Virginia, and arrangements are being made for attending the Grand Chapter Congress to be held in Denver.

the chapters speak

UNDERGRADUATES OF THE YEAR REPORT

Brotherhood a mile high! What has the potential to be the largest Grand Chapter Congress ever will be held in Denver, August 14-18, 1983. The Congress also has the potential to be the most exciting, with the election of four Provincial Vice Presidents for the first time and with a slate of seminars that has been two years in the making.

And this Grand Chapter Congress will be LESS EXPENSIVE to attend than the last one! A combination of factors results in a considerable decrease of the costs to attend the GCC in Denver from what the costs were to attend the GCC in Mackinac Island. There is no excuse not to attend!

If you have been to a Grand Chapter Congress before, you know the excitement of being with hundreds of Deltasigs from all over the country. Your first Grand Chapter Congress is when you truly realize that Delta Sigma Pi is a national fraternity. You never forget the feeling of Brotherhood when everyone joins in a rendition of the "Rose" at the close of the Congress banquet.

The Grand Chapter Congress offers endless opportunities for you to bring invaluable information back to your chapter. Seminars cover topics such as Recruiting, Professionalism and Leadership Development. More importantly, the Congress gives you a chance to talk with Deltasigs who come from chapters which have found solutions to the problems your chapter is encountering. And, hopefully, you will be able to provide insight into the success of your own chapter.

Then there is the excitement of electing the fraternity's national officers who will lead Delta Sigma Pi

for the next two years. Candidates for Grand President, Director of Alumni Activities, four Provincial Vice Presidents and 15 Regional Directors will be nominated. Campaigns last throughout the Congress; then elections take place for the positions. It is a process in which all attendees participate. It's fun, exciting and offers you the opportunity to meet your national officers on a personal basis.

There is so much that cannot be described in words. The chance to see many of the fraternity's traditions firsthand: The Grand President's Reception, Yellow Dog Initiation, the Initiation of our National Honorary Member and much more.

Perhaps one tradition which is repeated at every Grand Chapter Congress says it all. Every Brother in attendance at the Grand Banquet is asked to stand. Then, those who are attending their first Congress are asked to sit, followed by those attending their second, their third, and so on . . . It is easy to see why a considerable number of Brothers are standing even in the double digits. The excitement, fraternalism and Brotherhood brings you back time after time.

Each chapter should send a delegation to Denver. There is still time to register and make your arrangements. It will be an unforgettable experience!

We hope to see many of you in August!

Congratulations to all graduating Deltasigs. Contact your local alumni chapter now. Don't risk losing touch with Delta Sigma Pi. And, best of luck with your future endeavors—ALBERT S. GORDON, UNDERGRADUATE OF THE YEAR-1981 AND STEVEN P. RASCHE, UNDERGRADUATE OF THE YEAR-1982.

NEW YORK ALPHA

The Brothers of Alpha Chapter would like to extend our congratulations to our newly inducted Brothers Mike Blakley, Vijay Chandron and David Kim. We had another successful semester thanks to our officers, especially Roland Stephan, the greatest Chapter Efficiency Index Chairman around, and Brian Oak, Chancellor, the one to whom people listen when he speaks.

All kidding aside, we made this year one of the best in our recent history with several programs. We participated in the annual N.Y.U. student organizations fair where many campus clubs gain members.

In addition, we would like to publicly congratulate alumnus Michael Schnur on completion of his M.B.A. Also, we would like to congratulate alumnus Mitchel Blumenthal on his wedding engagement.

RUTGERS BETA RHO

Beta Rho Chapter is proud to express warm congratulations to Chapter President Queenester Garvin for having been chosen to be included in the 1983 edition of "Who's Who Among Students in American Universities and Colleges."

Community awareness highlighted our chapter's activities for the year. Events included were the presentation of our first Business Symposium held at the college with two guest lecturers involving career planning and skills for the new technology in business today. During Thanksgiving baskets of food were given to needy families in the area and at Christmas a visit was made to United Presbyterian Children's Hospital in Newark, New Jersey, where gifts were given to the children. A trip was sponsored to Atlantic City and was open to the university students and community. All of these events were quite a success.

For all Brothers who may not be aware, the members of our chapter are people who continue to strive for furtherance of their education during evening attendance at Rutgers University. We are small in number, yet strong in

the chapters speak

unity. Special admiration is given to Mr. William Meyers who has been a Brother since our chapter was founded on May 23, 1942. We are honored that he is a member of our chapter and a devoted Brother. Have a safe and enjoyable summer; see you in the fall!

—Cheryl A. Anthony

SUFFOLK DELTA PSI

Delta Psi Chapter opened the spring semester with a unique combination of professional activities. Implementing a credit-fundraiser program with the local merchants, the program provided a means of securing credit for students and funds for the chapter treasury.

The month of March brought the return and success of the marketing symposium program. Chapter President Richard E. Berg coordinated top marketing executives to lecture an enthusiastic student body. The symposium brought recognition to the Delta Psi Chapter and Suffolk University.

The chapter is currently in the process of creating an internship program with local department stores. This participatory program strengthens formal education with practical experience.

—Frederic R. Hershon

C. W. POST ZETA OMICRON

May, 1983 will be a new beginning for many of our Brothers. Brothers Botnick, Burckhardt, Cianciulli, Gladding, Lembo, Moeck, Parenti, Schuster and Sharp are graduating from Long Island University, C. W. Post Center, for this reason, much emphasis was put on inducting new quality Brothers during the spring semester. The pledge program had a new addition that we felt prepared the pledges to become better Brothers. It was a modified Chapter Efficiency Index system where they received points for specified tasks and each pledge held a hypothetical position in hopes to train them in the works of the fraternity.

Other events conducted during the spring semester were Deltasig intramural bowling teams (one called The Yellow Dogs), a road rally fund raiser, a professional program with career services and our traditional visit to McSorely's with the pledges and alumni of Zeta Omicron Chapter.

SUNY-ALBANY ZETA PSI

This spring, the Zeta Psi Chapter at the State University of New York at Albany has lived by the motto, "Delta Sigma Pi gives you the edge". We feel that "the edge" is the sum total of the experiences and knowledge that one gains through interaction with one's Brothers. This was initially expressed at our successful rush program. The program included various events, highlighted by a cocktail party, which has become a Zeta Psi Chapter tradition.

Our calendar of professional events had its greatest success with a presentation by the Miller Brewing Company, at which over five hundred students attended. Among other presentations during the year were speakers from Xerox and E. F. Hutton, in order to encompass the different aspects of business administration. Professionalism has taken on a new context in our chapter.

Social events are also a major part of the Zeta Psi Chapter spectrum of "the edge." From money making disco nights to ski weekends, Brothers discovered the "lighter side" in our faculty Brothers with whom we are actively involved.

CONNECTICUT THETA IOTA

Theta Iota Chapter has once again succeeded in compiling a informative, interesting and action-packed spring semester. What better way to start off a professional program than to host a knowledgeable and charismatic alumni Brother! Patricia Stavola from Connecticut General enlightened us on our favorite subject, "Landing That First Job". Our impressive professional schedule also included: the vice president of corporate finance at Insilico, Eugene Stillman; the president of Ensign-Bickford, David Andrew; and the senior data processing executive at SNETCO, Alan Haesche.

Whether we are hosting an underprivileged family or selling daffodils for the American Cancer Society, Theta Iota chapter continues to share its time, energy and caring with those around.

Socially, Tom Antignani has ruthlessly subjected his Brothers to a slew of parties, happy hours and a fun-filled spring outing! New ideas for the spring included a faculty-student luncheon, a

"Brother of the Month" award and the monthly mailing of our condensed weekly minutes to the Hartford Alumni Chapter!

—Aimee P. Thorpe

SIENA THETA UPSILON

The Brothers of Theta Upsilon Chapter at Siena College started this semester with as much enthusiasm and dedication as ever. There was a wide variety of activities with which the Brothers were involved proving it to be another successful term.

The chapter raffle proved to be very profitable and a very enjoyable cocktail party was again held for all the participants.

After a revision in our recruiting program, our recruiting function was one of the best ever. The turnout was tremendous and we initiated many new hard-working Brothers. The banquet that followed was also a smash.

Our professional program was not only informative, but enjoyable. The topics ranged from "Agriculture and How It Effects our Economy" to "Managing the Miller Brewing Company."

—Diane Barone

SUNY-BINGHAMPTON KAPPA LAMBDA

As another school year came to a close, the Kappa Lambda Chapter opened its doors to new Brothers with the induction of the Eta Pledge Class. Leaving us was the last of our charter Brothers, with the exception of John Chaconas who was recently voted our new chapter advisor. We wish John and the rest of our graduating Brothers the best of luck.

Looking forward, Kappa Lambda Chapter will have its third annual summer picnic. Several Brothers are especially looking forward to attending the Grand Chapter Congress in Denver this August. A great summer to all!

Look out Denver, here we come!

Petersen, Director, Division of Administration and Business, was honored at our birthday meeting with fraternity blazer buttons for his interest and personal commitment to Delta Sigma Pi. The evening's professional speaker was Brother Jay Dunn who introduced us to the world of advertising before the birthday cake was shared.

Several Chi members attended the Founders' Day dinner meeting with the alumni chapter to hear the history of our fraternity and its world-wide commitment to membership.

This past semester we had a full calendar of events. We got to know our new pledge class with wine and cheese in February and March. Intermingled with speakers and business, we had a booth during spring festival, the Hopkins annual spring affair.

PENN STATE ALPHA GAMMA

Alpha Gamma Chapter started off this term with several professional speakers from places such as National Steel, Ketchum Advertising and Strawbridge & Clothier.

Our chapter's fund raising efforts have been a big success, having had hoagie sales, car washes and M&M sales. Now we are planning our first annual golf tournament for the faculty and local businesspeople. We participate in the College of Business Phon-a-thon contest and won \$225.00 for placing second in the "number of new donors" category and third in the "amount of money collected" category.

This money has helped to finance our professional programs, social activities and road trips. On March 18-20, the Brothers and 13 pledges visited our former District Director, Bob Johnson, at his home on Treasure Lake in DuBois.

We ended the school year with the annual alumni weekend, the Rose Dance and the senior picnic. Alpha Gamma Chapter hopes all Deltasigs have a great summer.

As our two most recent Brothers departed us, Kail Tseng and Andrea Shwedick, the Gamma Sigma Chapter started off the new year with a bang.

Gamma Sigma Chapter members Kail Tseng and Andrea Shwedick started off this past semester with a bang at the University of Maryland.

Our quest for 100,000 points in the Chapter Efficiency Index will soon become a reality. We have initiated several new projects ranging from community service to fund raising. One new project that we have started is a campus-wide tuition raffle in which 105 of all gross profits go to charity. This is just one of many new ideas that we feel will make us outstanding chapter of the year.

HOWARD IOTA RHO

March 8, 1983 marked the third anniversary of Iota Rho Chapter.

Reflecting upon our chapter, we realize that our influence has extended beyond the walls of the School of Business. The lasting impression we have left upon others reveals that Iota Rho is a chapter that is dedicated to serious

business while having a G-O-O-D time getting business accomplished. The good times have been accompanied by our share of growing pains. Therefore, we wish to thank the Brothers of the other chapters who have helped us to achieve our goals. With their help and friendship, we have come a long way in an extremely short time.

Now, after three successful years we are 149 strong. Our alumni are extremely active and supportive and our Brothers are proud and admired because they are Deltasigs. Our CEI totals have not always been the best, but we did receive 68,825 points in one semester!

Overall, we are trying to become more active within our region and shine as a hallmark of excellence within the fraternity. We believe our "Brotherhood is a Mile High".

Putting our best forward has always been the Iota Kappa Chapter's motto, but for the first annual Dress For Success Fashion Show, we put on our best three piece pin stripe. Organized completely by Brothers, it served as the lead off event for the James Madison University Business Symposium. A wine and cheese reception was recently held with the business faculty to improve relations between them and our chapter.

Professional activities, coordinated by Michele Vento, have included tours of Ethan Allen Furniture and Lee Jeans in addition to a tour of Harrisonburg's large newspaper headquarters. Bill Walton, vice president for a local bank, spoke to us on how to obtain credit, why we should, and how to evaluate various credit alternatives. At New Mexico State University, the Epsilon Upsilon Chapter geared up another semester of hard work and happy times. Many things were planned for the spring semester that provided good memories.

In addition to our annual Easter Food Drive, some excellent speakers, were brought in, such as Ted Hess from Tucson, who has presented an excellent seminar on time management at our last regional conference.

Most of our semester was devoted to two projects. The first was the Third Annual Southwest Racquetball Tournament. Racquetball players from the Southwest and Mexico came to participate including Greg Peck, the number one player in the nation in his class.

Also on the agenda was the grandest celebration NMSU had witnessed since May 4, 1963. The Epsilon Upsilon Chapter celebrated 20 years of dedicated service and professionalism in Las Cruces.

New officers yield new energy in any organization and we had an outstanding set of energetic and enthusiastic people. For some of us, this was our last semester. Mixed in with the obvious joy of an end to the incessant studies and lack of funds, there is a kind of sadness in the thought of leaving it all behind. Here's to the memories; seniors still have some time to make a few more.

SOUTHERN CALIFORNIA PHI

Phi Chapter at the University of Southern California had quite a busy spring semester. The chapter welcomed five speakers from various sectors of the business community and hosted a sym-

posium on "Women in Management". We also had the opportunity to tour a division of American Hospital Supply and a General Motors plant.

Along with these professional events, we also went on a ski weekend in mammoth and held a tennis tournament, picnic and beach party during the semester. This allowed the pledges and members to get to know one another in a casual atmosphere.

Thank you to Ross Bryan and Craig Takamiya who guided our chapter successfully as president during the fall and spring semesters, respectively. Good luck to you and to all of our Brothers who are graduating. We will miss you!! Have a good summer Deltasigs!!

SAN FRANCISCO GAMMA OMICRON

On October 16, 1950, Gamma Omicron Chapter was founded. Within thirty years, it had developed into a chapter full of success, having initiated in excess of 450 Brothers. In the spring of 1981, our chapter charter was suspended with only two Brothers remaining. Upon learning of the chance that the chapter could resume operation, our Brothers found a spark to be fueled. With open arms, Brothers from neighboring chapters offered their time and efforts to give new life to Gamma Omicron Chapter.

The spring of 1982 marked the beginning of rebuilding. The two Brothers initiated four enthusiastic pledges. These mighty six had proven their capabilities by the fall of 1982, not only to the fraternity but also to the university where they had established the chapter, the University of San Francisco. They were able to recruit 16 pledges, 11 of whom became Brothers. This was a 183% increase in chapter membership.

Today, we are the energetic 16! Yes, we may be small in numbers, but we have lighted the fire that will keep us going. Now it is time for us to prove that Gamma Omicron Chapter is back to stay. Just watch us!

—Ann Liza Q. Asis

SAN FRANCISCO STATE DELTA OMICRON

Another semester has been completed and, once again, our pledge class was brimming with bright, enthusiastic

young people. Although first attracted by the professional displays and our business reputation around campus, most admit they are really won over by the "spirit of Brotherhood" encountered at the recruiting party and spaghetti dinner.

In an effort to help San Francisco State University locate alumni last fall, Brothers manned the phones to get the names and titles of personnel directors in the area. This facilitated the use of personalized letters to these organizations. It is too early to know how successful the letter campaign is for the school, however, for the chapter it was very successful in establishing goodwill with the Business Graduate Office.

—Carol Nuesslein

NEVADA-RENO DELTA PI

Recruitment week activities at Delta Pi Chapter were very successful. Our "Dress for Success" fashion show sponsored by a local department store was part of our recruiting program.

Deltasigs in Reno are eagerly awaiting the Grand Chapter Congress to be held in Denver in August. Many of our members will be in attendance and much of our fund raising and professional activities this semester were geared with this goal in mind.

As our senior Brothers graduate, our hearts are heavy, but the knowledge that our new recruits, the lifeblood of our fraternity, will be there to carry on our rich tradition relieves the burden of saying goodbye.

—Paula J. Del Giudice

LOYOLA MARYMOUNT DELTA SIGMA

This past semester, members of our chapter went up to Big Bear for our annual retreat. Alumnus Randy Johnson graciously donated his cabin for our use and the weekend of February 5 and 6 was spent on setting goals, planning future events, solving problems and sharing ideas as to how to strengthen the fraternity.

The next big event we had was our "Meet the Companies Night". We invited different companies to come. Students with junior and senior status were given a chance to meet with representatives of the companies and discuss job opportunities. This event was a highlight of the semester.

CAL STATE-CHICO EPSILON THETA

The Brothers of Epsilon Theta Chapter are winding down another exciting semester.

To begin the spring, we chose the fifteen pledges which we felt best represented the ideals of our chapter and Delta Sigma Pi.

Our financial projects continued to be quite successful, resulting in \$2,300.00 with which to begin the semester.

Vice President for Professional Activities Matt Owen has been working extensively with Chico recruiters in an effort to assist our graduating Brothers obtain employment.

Our biggest event of the semester was the hosting of the Western Regional Picnic, in which we provided each visiting Brother an exciting Chico style weekend.

In closing, we wish Robin Barbieri of Sigma Kappa a fond farewell as she ends her reign as our Rose of Delta Sigma Pi.

CAL STATE-SACRAMENTO EPSILON PHI

Intense is the most fitting way to describe spring, 1983 for the Epsilon Phi Chapter at California State University-Sacramento. President Teresa Gahart provided the inspiration and planning to develop the individual talents of the members into one definitive group effort. We planned our work and worked our plan!

Our fund raising activities included the marketing of three major bank credit card accounts, two outrageous car wash weekends and the sale of green carnations on St. Patrick's Day. We were all excited to realize the fruits of our labor. Good job Karen and Vicki!

"You Pack Your Own Chute" was the theme of the professional program which provided a wealth of ideas on how to improve membership development. But the most distinguished of all events took place when we celebrated our Epsilon Phi Chapter 20th year anniversary with Founder Dr. Nicholas Windeshausen. Thanks, Nick!

—David J. Kassiss

CAL POLY-POMONA ETA CHI

The Brothers of Eta Chi Chapter are finishing up a very good year. We are

currently awaiting confirmation of 100,000 CEI points in the Chapter Efficiency Index for the first time since 1972, but we don't intend for it to be the last!

The biggest event of the spring was Poly Vue, held April 15 and 16, here at Cal Poly and the theme of our "open-house", "Reaching For New Horizons", caused us to reflect upon our future. The Brothers of Eta Chi Chapter, though proud of our 1982-83 accomplishments, are looking forward to new horizons in 1983-84. Have a great summer!

—Chuck McDaniels

SAN JOSE STATE THETA CHI

The Brothers at Theta Chi Chapter are busy hosting a lot of professional activities this semester. A partner in the Changes Modeling School gave a presentation on how to "Dress for Success". The importance of a professional appearance was stressed along with tips on how to save money while shopping. We were given tours through the IBM facility and Syntex, which specializes in medical research and preventive medicine. A representative from the Better Business Bureau came to speak to us. It was very interesting to hear the rights we have as consumers. It was also a pleasure to be given tours through Anheuser-Busch, Inc., and Weibel Winery.

Our enthusiasm was so high after our involvement in last year's Special Olympics that we are volunteering to help out again.

Several of the Brothers attended the area conference in Sacramento in February. It was fun plus a great opportunity for exchange of information.

—Arlene E. Pedroia

SAN DIEGO STATE IOTA PI

Iota Pi Chapter at San Diego State University began the semester with a successful recruiting program which sparked much participation from enthusiastic prospectives who eventually earned official membership into Iota Pi Chapter on April 22.

A roadtrip to Las Vegas highlighted the semester as many Brothers enjoyed a weekend of tours and entertainment.

The semester concluded with two special events. We celebrated our fourth birthday on May 5, 1983, with a luau,

"Deltasig style". Also on May 21, the newly initiated Brothers, graduating seniors and our parents were honored as the end-of-semester banquet.

Good luck seniors, and we wish everyone a safe and enjoyable summer vacation.

—Dulce L. Figuracion

CAL STATE-FRESNO IOTA PHI

Iota Phi Chapter at California State University, Fresno, started the spring semester off with a well-run recruiting program which brought us 25 new pledges.

In order to help fund our professional activities, the chapter hosted a Bowl-a-Thon and sold T-shirts for the School of Business.

During the past spring semester, we had a host of professional speakers. They included: Gary Woodward, marketing director of Seven-Up Bottling Co.; Pat Ogle, representing Crocker Bank; and Bob Duncan, owner of Duncan Ceramics.

The initiation banquet for our 25 pledges was held on April 9. We finished the semester with our participation in CSUF Vintage Days, April 28-May 1.

As we draw this semester and school year to a close, Iota Phi Chapter wishes all of its graduating members the best of luck in their future endeavors. To all the Brothers of Delta Sigma Pi: Have a great summer!!

—Teresa Ramos

CAL POLY-SAN LUIS OBISPO KAPPA MU

Greetings to all from the 55 Brothers of Kappa Mu Chapter! This year we have worked hard to achieve a professional reputation within Cal Poly's School of Business. Including our newest initiates, there are now seven faculty members who are Brothers. We also sponsored our first professional activity open to the entire student body.

Our community service program is also very strong. Annual events include acting as Special Olympics volunteers and a skate-a-thon, which last year raised over \$400 for charity.

The spirit which enabled us to win the attendance/distance trophy at last fall's Western Regional Conference is strong and still growing. Please visit us if you are ever in San Luis Obispo.
